

ALS for our learners

Your Success, Our Support — No Barriers to Learning

At Fareport Training, our dedicated Learning Support Team ensures every apprentice gets the support they need. Additional Learning Support (ALS) is available to all apprentices, with an assessment at the start of onboarding to tailor support to individual needs. We provide personalised guidance and resources to help you succeed throughout your programme.

Support is personal, practical and judgement free

Why is ALS Important?

- ✓ Personal, practical and judgement free support
- ✓ You will be regularly assessed to keep support relevant and effective.
- ✓ Tailored learning adjustments and resources are available at any time

We believe every apprentice should have the tools, support, and confidence to succeed

“

“At Fareport, we take inclusion really seriously, our approach will help ensure equity for all our learners by providing different levels of resources and support to individuals based on their differing needs and circumstances to ensure fair access to opportunities and outcomes.”

Natalie Cahill – Chief Executive”

ALS and employers

Why ALS matters for your business?

For any employer enrolling their staff onto an Apprenticeship, it is vital for your business to get the best out of your team. This is why we are at the forefront of providing the right support for every apprentice. This helps your employee attain their qualification without struggle.

- 1 At onboarding, apprentices complete a short self-assessment via Onyss.
- 2 Any potential needs are flagged by our ALS team.
- 3 We create a personalised Individual Support Plan (ISP) for your trainer.
- 4 You receive tailored learning adjustments and resources.
- 5 We check in regularly to keep support relevant and effective.

ALS is supplied from day one of your employees Apprenticeship. We use our independent system, ONYSS, which is used as a short self assessment. After this, an Individual Support Plan (ISP) is created for your employee's trainer. This will be used throughout the Apprenticeship to ensure that your employee is given the correct support.

ALS benefits

- ✓ **Boosts employee retention:** commitment to support your employee through additional efforts will help retain your staff
- ✓ **Nurture Skills:** ALS helps to reinforce skills growth in a way that is manageable for the employee
- ✓ **Increase productivity:** The support helps the employee struggle less which will benefit employee productivity

No Stigma | No Barriers | Just Support.
